

Sustainable Management Policy

Atlantis Submarines Barbados has made a firm commitment to meet the highest international standards in regards to the environment, conservation, corporate responsibility and a sustainable operation.

Atlantis Submarines Barbados Sustainable Management Policy is an all encompassing policy that supports all the goals of the Environmental, Green and Purchasing policies; to ensure that the company's economic objectives are met in a sustainable manner.

This policy will include all the factors related to the operation of the business including the objectives of the shareholders and stakeholders of the company, and economic factors that guarantees a sustainable business.

Through the details included in the Sustainable Management System the policy will achieve its vision via the training and education of its employees and other stakeholders, and data monitoring with supported analysis and reporting to develop new objectives as required.

Vision

To improve the economic value of the organization and the awareness of employees, residents and visitors on the effect of their actions on the environment in which we live and operate, and ultimately reduce our carbon foot print or demand on the island's scarce resources.

Green Globe Int. in Alliance with Green Certifications Inc. is the only worldwide recognized third party certification seal. The certification is based on international as well as local standards of the United Nations, European Union and other.
