Atlantis Submarines Barbados Covid-19 Protocols
Revised May 30th, 2022 (Subject to Change)

- The requirement for persons to be vaccinated or tested has been removed unless for charters at full capacity and mask wearing in Barbados is optional outdoors.
- Masks must be worn on our hotel shuttle as well as onboard the submarine but is optional in other spaces.
- Cloth masks and masks with valves are not allowed. Masks are available for purchase at check-in if needed.
- There shall be no eating or drinking in the Submarine.
- Sanitization of hands & touch points is done in accordance with the Ministry of Health & Wellness.
- The air in the submarine is kept clean by pumping in medical grade oxygen and air is circulated through Merv 13 rated filters, which typically capture 98% of droplets.
- Temperature checks are done daily for all employees and guests.
- Persons who are openly exhibiting signs of a viral illness are asked to reschedule for a date where they are no longer having symptoms.
